

Egbert Update

Ministry Prayer Letter of Chuck & Cathy Egbert for July 2020

Beautiful water lilies. Beautiful lady!

Homeschooling, again?
Yes, our kids did complete their year of education at home, as their school closed due to the pandemic (which caused us to think “We moved for this?”). Cathy managed to get them through and we pray for a normal start of the 2020 school year next month. Only time will tell what the future holds. Gladly, we serve the One who knows!

Anna & Emma

Surgeries

Chuck’s esophagus surgery was delayed until June 3rd. We are glad to report that it was successful. Thank the Lord!

Emma had surgery on July 2nd to correct some floating of her left eye. All went well and she took it like a trooper. We give thanks to our Jehovah Jireh for her eye sight! Would you join us in praying for her Ophthalmologist? Pray that he would see the giver of all good things and fix his eyes on him.

Celebrating 28 years together!

There are many lakes and ponds near our new home. We have particularly enjoyed some times of floating our canoe and kayak on Wingfoot Lake. Cathy and I enjoyed a morning float on the 28th anniversary of our wedding. The Goodyear Blimp, Wingfoot Three, can be seen moored in the distance.

Two Projects near completion

Jenny Haver is well into the completion phase of the rebuild on a missionary's kit airplane. The plane was in Haiti for years and needed some airframe overhaul. She and her team are doing fitting, making adjustments and rigging components and systems. Additionally, Dale Coates (with some help from Chuck) is in the completion stage of a Cessna U206 rebuild for MAG in Honduras. We anticipate seeing both airplanes depart our facility by summer's end.

Prayer requests

Like so many families, our home life has been taxed by the pandemic. Nevertheless, we are well blessed in many ways. Please do pray for:

- Cathy as she cares for the Littles.
- Schooling matters for the coming school year.
- Chuck as he strives to care for family & work responsibilities, which are far apart geographically.

You Make The Difference

With all the uncertainty and unrest in the world, it is so good to know who is in control. It is also a blessing to play a small part in bringing in the harvest. **Cathy and I thank all of you who partner with, and pray for us!** You help make the ministry of MMS Aviation possible!

NOTE: Our means of Credit Card processing recently changed in order to reduce costs. If you have questions or concerns with donations, please call: 740 622 6848

Drilling rivets out of a landing gear fitting.

Basic Training

Chuck recently completed MMS's Basic Training with our newest apprentice, Rebekah Patterson. She comes to us with Private Pilot certification, some experience in Alaska and a life of familiarity with aviation as her father is an aircraft mechanic. This is a new stage of life for Chuck, as he works with people of similar ages to that of our Bigs (older children)! Please pray for Rebekah as she trains with MMS Aviation.
